panafricalogistics

Panafricalogistics deals mainly with inland long haulage of sea freight containers from the port of Mombasa to inland destinations. It is a service provider to leading shipping lines and agencies.

#### Our Motto

Go anywhere

#### Our Mission

To be the most efficient, honest and safest African logistics service provider, always in pursuit of customer, supplier and employee excellence.

#### Our Vision

To be the leading African logistics company most admired for its integrity, performance and people.

## Company Profile

With its Headquarters located on the 7th Floor of the prestigious TSS Towers in the Central Business District of the East African coastal city of Mombasa, in the Republic of Kenya, Pan Africa Logistics Limited was incorporated in the year 2003 by its founder and CEO Lawrence Muchuma Mugavana, and started off by offering overland long haulage transportation of containerized transit cargo from the port city of Mombasa in Kenya to various inland destinations in East Africa.

It was a very eventful 5-year growth period for the company from its inception, during which time it multiplied its fleet of articulated trucks and positioned itself to expand its operations to include fully fledged Freight Forwarding services, and in the year 2008, the company began offering these services through subcontracted licensed agents.

In the year 2009 Panafricalogistics became a fully licensed Kenya Revenue Authority Customs Agent, and with this, the company's gradual but rapid evolution into an independent provider of fully integrated Freight Forwarding and Logistics services was complete.

We are now able to offer our clients "Dock to Door" services in virtually all key industry sectors in Kenya and the whole Great Lakes region including the Republic of South Sudan.

Panafricalogistics is financially strong, stable and independent. With our highly trained and dedicated staff, you can be sure that all your freight forwarding and logistics needs will be met with efficiency, saving you costs.

## Freight Forwarding

Panafricalogistics has since its' inception formed a solid network of locations in the world's most significant economic regions. We tend to involve a huge number of carriers that results in a professional service that in turn handles the considerable logistics of this task for the client, relieving what would otherwise be a formidable burden.

An efficient and properly managed customs clearance system is essential in reducing lead times, resolving exceptions and lowering costs. Our customs clearance staff will process your documentation to enable timely and reliable movement of your goods through customs regulations in their respective countries.

## Road Transport

Panafricalogistics maintains its dedication to you to the next level. Offering reasonable options and proactively tracking every shipment to ensure that your shipment arrives to your customer safely, securely and on time, moreover Panafricalogistics provides road transport services to any destinations within Kenya or to/from the neighbouring countries including but not limited to Tanzania, Uganda, South-Sudan, Rwanda and Burundi and the DRC.

Our own fleet of well serviced and maintained vehicles allows for shipments of any quantity, size or volume on FTL and LTL basis. Panafricalogistics is a preferred logistics resource for truck shipments region wide. We manage shipments professionally, pro-actively and deliver on time.

Panafricalogistics has developed know-how in inland transportation from various countries to the ports. We make use of competent expertise to supervise and achieve this task successfully.

## Rail Freight

Panafricalogistics provides inward and outward rail transport services to and from major towns in the region including Nairobi, Kisumu, Jinja and Kampala. Our logistics service here includes inland transportation at both origin and destination countries.

We have well reputable associations with the most skilled names in the business. This affords us the greatest flexibility and enables efficient delivery.

## Air Freight

Panafricalogistics provides Air freight; a great service in no time at all. As one of the selected in the international air freight industry, we put forward universal reach, large-scale strength and comprehensive expertise with a range of air freight services.

We are equipped to go above and beyond, taking your shipment any day, any time, any place.

With access to all scheduled cargo and passenger flights, in addition to non scheduled charter flights, we represent every benefit with a full range of domestic and international airfreight forwarding services that deliver greatest value.

## Groupage

PanafriCalogistics offers a complete range of Groupage and ocean freight shipping services. PanafriCalogistics has contracts for ocean freight cargo space on major vessels sailing regular schedules in established trade lanes. Our professional team is committed to finding the most efficient and cost-effective route for your cargo.

Our services portfolio includes break-bulk shipping, warehousing, distribution, consolidation, cargo insurance and customs brokerage. We handle a wide range of freight, including vehicles and construction equipment; hazardous material, break-bulk, heavy lift, perishable cargo, personal effects and over-dimensional shipments.

## Warehousing

We provide bonded, transit or short term warehousing services for various commodities. Our warehouse services ensure that all consignments entrusted to our care are stored and managed in a safe, compliant and professional manner.

Once your products are stored with us, we take complete care in not only ensuring they are kept stored at the correct temperature, but carefully monitoring stock levels and making sure correct numbers are kept with every scheduled delivery and storage process.

Our flexibility means that we drive effortlessly with your company's course and procedures, professionally working to your schedules without losing the personal touch or compromising on quality.
